“IN-SYNC” TRIPOD BASE MICROPHONE BOOM STANDS

- Constructed with strong, lightweight “Microlite” tubular steel.
- New boom swivel made of ABS composite material for high impact resistance ensures fast, smooth, non-slip angle and height adjustments.
- Boom swivel clamp is ergonomically designed for ease of use and allows to adjust the boom length and angle at the same time, with one move only. Perfect integration of style and functionality!
- Fast, easy and secure height adjustments are possible by means of the stylish, soft-grip, ergonomic clutch unit.
- All locking points are protected by scratch-proof contact points.
- Newly designed tripod leg base incorporating a truly innovative, advanced-technology locking system that allows to open and close this stand in a flash. Just raise the “release” leg to a slightly angled position to set the base free to move. Then lift the leg to its full extent and the base will firmly lock in position, to ensure maximum stability and reliability.
No knobs to tighten or lose!!
- Strong, impact-resistant, lightweight polycarbonate base with tubular steel tripod legs.
- Step on a leg, and it will bounce back in place!

 Color: Black

IPS/10 HOLDER FOR IPAD 2 & NEW IPAD (3rd & 4th GENERATION)

- Clever, safe and practical design allows musicians to integrate their iPad 2 or new iPad (3rd & 4th generation) with existing microphone and sheet music stands, for use on stage, production studios, in the rehearsal room or at home.
- Flexible yet rugged rubberized plastic clips will hold the tablet firmly and securely in place, without interfering with dock connector, speaker, headphone jack, on/off and volume buttons. Snapping the iPad into the holder and sliding it out is effortless and quick!
- No-wobble, lightweight aluminium plate is designed to ensure full tilt and rotational adjustability, and to switch rapidly from the vertical to the horizontal viewing mode without slipping, for ideal positioning of your iPad.
- The holder can be fastened directly on to any 3/8" standard microphone stand thread connection. A slim yet sturdy steel bracket (included) allows to mount the tablet holder sideways to the vertical pole of any microphone or sheet music stand with diameter ranging from 14 to 30 mm (0.55" to 11.8").
